24 hours of hacking, 30 hours in total  
Featuring a robotics season in 30 hours  
Compete in high octane robotics competition

# What is MakerHacks?

MakerHacks is a cutting-edge hardware hackathon featuring the first ever independently released robotics challenge within the event. Teams will design, create and iterate their prototypes with our onsite makerspace in this hardware-software fusion hackathon.

The primary goal of MakerHacks is to provide a competitive yet supportive environment for young tech enthusiasts to showcase their talents, develop new skills, and collaborate on projects that span both hardware and software domains.

# Why Sponsor Us?

As the Bay Area's first ever robotics hackathon, sponsoring MakerHacks gives your organization a unique and direct opportunity to impact and connect with our future makers. Since MakerHacks is located in the core of Silicon Valley, this is your chance to connect with future makers. Your support helps us bring the ultimate fusion of software and robotics education to Bay Area high school students for the first time ever.

# How can you help us?

- Make a direct donation to our organization, providing us with the flexibility to address all needs effectively.
- Sponsor a meal; we plan to serve four meals throughout the hackathon.
- Offer your expertise by sending mentors to guide and inspire the students.

## Where will your money go?

The money will be going towards our venue, food, swag, emergency funds, and anything else needed to run the hackathon. HackClub, a 501(c)(3) nonprofit organization, is the official fiscal sponsor of MakerHacks. All contributions to MakerHacks will be processed by HackClub, and therefore will be **tax deductible**.
